Clever Bert Shewmaker Hunting Deer, Bear, Etc., In The Far West.

CAMP COFFEY, OSAGE NATION, I. T., Oct. 1st.—We left Cleveland Tuesday and traveled over sweeping prairie, thick forests and majestic divides. At 6 P. M., on leaving the main trail we found ourselves on the banks of Turkey creek. It was one grand panorama. The creek was plainly seen like a long thread of silver in a lovely cloth of green. The rapture of the water, the cooing of the doves was like some painted picture; some well told tale of love. We could see the black bass playing, and while some of the boys put up the tents and built a camp fire, Bob Lyons and myself caught enough fish for breakfast. The campers consisted of the following: L. P. Coffey, wife, daughter and son, of Cleveland, O. T., Robt. T. Lyons, Orville, Mentzer and W. R. Einwaechter, of Pawnee, O. T., M. T. Sloan, our faithful guide, and a French cook, B. P. Shewmaker, wife and daughter, and Miss Delia Coffey, of Moreland, Ky. The outing was given in honor of the last named parties and I take this means of thanking them through the columns of your paper. The trip was planned and managed by Mr. Coffey and his good wife, who did not stop at trouble nor expense to make it what it was—a success.

After a good night's rest we arose with the first peep of Old Sol and I will never forget the music of wild birds while standing on the banks of Turkey creek. We could hear flocks of wild turkeys calling their young and getting ready for their day's picking in the forest. The first thing worthy of note was a joke played on us boys by a lively man. I don't remember any name only "Slim." He was to take one of the teams back home, and about 15 minutes after he left camp he returned very much excited, saying: "Boys I ran right into a big flock of wild turkeys before I struck the main trail!" Every boy grabbed his gun and four of us piled into a surrey and told him to lead the way. We soon caught on to his racket. He could not find his way out of the woods and came back with the turkey yarn in order to get the boys to help him find the main trail. The first day was spent in hunting, fishing and taking pictures by the boys and girls. At night we built a big log heap and the crowd was entertained by Prof's. Lyons, Mentzer and Einwaechter, who gave us several laughable dramas.

The second day was spent by most of the boys hunting deer. There were eight deer seen in all, but as the law is not out it would not be advisable to say how many we killed. Bob Lyons was the most successful "deer hunter" in the bunch. There were two of them in camp which occupied most of his time. On leaving camp Friday morning we were forced to empty several pounds of nice fish back into the creek as we had more than we could take care of. This has certainly been an enjoyable visit, but such pleasure can not last always. We leave for Kentucky Wednesday. This has been the longest and most enjoyable vacation I have spent in my 16 years' service with the Q. & C. railroad and I am now ready to fall into line, much improved in health.

Full Of Tragic Meaning

are these lines from J. H. Simmons, of Casey, Ia. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough that disturbed my night's rest. Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At G. L. Penny's, Stanford, Lyne Bros., Crab Orchard, 50c and \$1. Trial bottle free.

Lee sued Jack Chinn to recover \$2,000 in a horse deal. As Chinn was a non-resident it became necessary to levy upon such property as he owned in this State. Sheriff Hesterberg attached horses said to belong to Chinn in the stables of Fasig & Tipton, at Coney Island. The horses were sold for about \$4,000, and the money was taken possession of by the Sheriff. Mrs. Chinn claims that the horses were her property.

Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by all druggists.

BENEFIT TO MANKIND.

One of the Greatest Discoveries of the 19th century.

There is nothing in the way of a discovery in the nineteenth century that has proved of greater benefit to mankind than that of two eminent French chemists, Morgues and Gautier by name, who discovered a way to separate the medicinal curative elements, of which there are about 50 different kinds in the cod's liver from the oil, and give to modern medicine all the tonic, body-building and curative properties of that grand old remedy cod liver oil, unencumbered by the oily, greasy part, which science had proved of no value whatever, either as a food or medicine. Thus they produced Vinol.

Vinol is guaranteed to contain in a highly concentrated form all the medicinal elements of cod liver oil, actually taken from fresh cods' livers, and wherever old fashioned cod liver oil or emulsions will do good, Vinol will do far more good—for being without oil, it is delicious to the taste, easily assimilated and won't upset the weakest stomach.

Vinol tones up the digestive organs, creates a hearty appetite, makes rich, red blood and creates strength for old people, weak women, puny children and after sickness, and for all pulmonary troubles it has no equal.

So strong is our faith in Vinol that we freely offer to return money in every case where it fails to give satisfaction. Penny's Drug Store.

It is a bad habit to borrow anything, but the worst thing you can possibly borrow, is trouble.
